

GCB

Curaçao Gaming Control Board

March 28, 2024

ANNOUNCEMENT

The Curaçao Gaming Control Board (GCB) has become aware of certain logistical difficulties that some applicant sublicensees have been facing in advance of the deadline of March 31st 2024.

From the outset of this entire process the Minister of Finance has been unambiguously clear that everything possible would be done to ensure continuity of business for sublicensees who wish to operate out of Curaçao under the transitional and intended new statutory framework.

However, unfortunately many applications have not been completed nor met expected standards which has inevitably resulted in processing delays to the detriment of both the GCB and the applicant entities. We refer all applicants to the Application Submission Guidelines (available on the [GCB website](#) and also attached to this email).

For these reasons, the deadline for application submissions is extended by one month until April 30, 2024. Applications currently in progress will continue to be processed as normal during this time.

It is important to note that whilst the deadline has been extended, all other guidelines and requirements outlined in the publication regarding this deadline remain in full effect. This includes the consequences of failing to meet the new deadline.

Please be advised that there will be no further extensions beyond April 30th 2024, and any requests for such will not be considered.

We trust that this information is clear. Should you have any further inquiries, please do not hesitate to contact us at egl-applications@gcb.cw.
